

Gibbons Recreation Ground Basketball Court

Through a partnership with Access Sport and Hoopsfix Foundation, Brent Council is exploring the possibility of renovating the Gibbons Recreation Ground Basketball Court.

The proposals involve:

- Renovation of the existing court to engage more young people from underserved communities
- A community owned offer
- A programme of engagement and activation

Before the development goes ahead and the design proposals are commenced, we are keen to engage and consult with the local community to gather options on the general acceptability of the proposals and any wider considerations for the project.
